REALTIME**CRIME**

STOP SEARCHING, START INVESTIGATING.

REALTIMECRIME **TAKES AN AUTOMATED FEED OF CASES** FROM AN AGENCY'S RECORDS MANAGEMENT SYSTEM AND **AUTOMATICALLY SEARCHES RELEVANT CASE INFORMATION** AGAINST LEADSONLINE'S UNIQUE SET OF NATIONWIDE DATA. RTC THEN **AUTOMATICALLY NOTIFIES AND SURFACES CASES** TO INVESTIGATORS WITH THE HIGHEST LEVELS OF SOLVABILITY. WHETHER THE CASE IS LOOKING FOR A STOLEN FAMILY HEIRLOOM OR A HOMICIDE SUSPECT, RTC IS ON THE JOB 24/7.

KEY FEATURES AND CHARACTERISTICS

- Automatically runs ALL your cases, all the time, active or cold

- Uses solvability scoring to prioritize your case load

- Returns leads & intel for violent crimes, property crimes, and more

- Discovers connections from other agencies across the country

- Connects case information to unique, nationwide data

- Identifies patterns among related cases and suspects

- Identifies possible associates

- Tracks defendant activity post-arrest

- Identifies relevant leads and intel based on proximity to the case

- Automatically routes new leads to the right investigator

BENEFITS FOR YOUR AGENCY

FOR DETECTIVES

We understand there are too many cases and detectives only have so many hours in the day. Let RTC multiply your time, searching through your stack for relevant information to advance. With solvability scoring, RTC will tell you which cases are most solvable today.

FOR CRIME ANALYSTS

Crime analysts use RTC to spot patterns across case types, investigators, districts, and more. With simple filtering, smart folders, and intuitive mapping, RTC is an analysts dream to process through mountains of data in the RMS.

FOR COMMAND STAFF

Command staff use RTC as a strategy to multiply their investigators' time to stay on top of rising property crimes while pulling out every possible insight to solve the shootings and violent crimes plaguing their jurisdictions.

AGENCIES ALL OVER THE COUNTRY ARE UNDERSTAFFED. YOU'RE NOT ALONE. LET'S WORK TOGETHER TO MANAGE THE CASELOAD.
